- Mark Denecke, 2180 Five Mile Line Road

1.0 Consideration of applications for Certificates of Appropriateness

1.1 Luke Hiley – 2176 Five Mile Line Road – requesting a Certificate of Appropriateness to allow the construction of a 12’ x 31’ (330 square foot) addition to the rear of his residence. The addition will be one story and will be utilized as a new entrance to the rear of the residence and will be used for storage of sports equipment and children’s shoes and clothing. The exterior of the addition will match the existing cedar shake siding and the roof. It will have a stone knee wall to accent the siding. The Board met at the applicant’s residence in an effort to assist the applicant in obtaining a building permit in a reasonable time frame so that the addition could be completed before the end of the year. The adjacent neighbors attended the hearing and support the applicant’s proposal. It was moved by Don Crumb that a Certificate of Appropriateness by issued for the addition as proposed. It was seconded by Steve Golding and all present voted Aye.

5.0 Adjournment – Mike Pignato motioned to adjourn the meeting at 5:40 p.m. as there was no other business before the Board.
