STATEMENT FROM SUPERVISOR GEORGE C. WIEDEMER

PENFIELD, N.Y., September 8, 2009 – I am aware of the allegations against Councilman Andy Moore. It’s important to recognize these charges have nothing to do with his actions as a Penfield Town Board member. Rather, they relate to him writing a letter when he volunteered for a campaign back in 2007, prior to him joining our Board.

Since becoming a member of our Board in 2008, Andy Moore has been an effective, hard-working, and focused Town Board member. He has helped reduce spending, keep the tax rate flat, and maintain vital youth and senior programs. Andy has been an effective public servant for the taxpayers of Penfield.

Andy emphatically denies any wrong-doing, and he’s passed a polygraph test to demonstrate that. I’ve spoken to Andy and he has confirmed that he will continue serving on the Town Board. I applaud and support Andy’s commitment and dedication to Penfield residents.
