Public Participation

Monica Gorlick, 54 South Village Trail asked if tonight’s decision on Jeremiah’s could be postponed until additional Doodlebugs parents could speak as this week is February break. Suzanne Wilson came door to door to notify the neighborhood that Jeremiah’s was coming in. She does not read the paper or go on the computer and was not aware of this project. She suggested the Town put out a newsletter of upcoming projects, similar to what the school district does. There are no restaurants in the Town that are allowed to stay open until 2:00 AM. She is concerned about drinking and driving and exterior music. She questions the legality of having children near where alcohol is being served.

Supervisor LaFountain stated that the Public Hearing for Jeremiah’s was held on January 23, 2013 and the comment period was held open. LaFountain noted that there were three (3) speakers at the Public Hearing and two (2) letters had been received. One (1) letter was regarding landscaping and the second raised concerns about the distance between Doodlebugs and Jeremiah’s. The NYS Law requires a distance of 200 feet from where alcohol is served to an accredited school. Doodlebugs is a daycare and not considered a school.

Ms. Gorlick continued to say the pine trees in the area came down in 2006. This area has been a barren eyesore. Why does the Board approve removing trees without having the approval for development?

LaFountain stated that a number of emails have been received regarding noise and hours of operation. The developer met with the residents and has agreed to put in additional landscaping. At the time Doodlebugs was approved a 16,500 sq. ft. office/retail building was also approved, including a restaurant. If this project had been discussed at this time, the clearing of the property would not have occurred.

Councilwoman Metzler stated that she was not a Board member in 2006 when this was approved. We need to accept the approval from 2006. We cannot bar a certain type of establishment. She was surprised by the ambition of the original design. We need to own this approval and proceed legally.

Beth Gallagher, 26 Braunston Dr., stated she is concerned with noise from Jeremiah’s. She said when Kam Wah was for sale and a similar restaurant/bar was looking at it, Grand Vie stopped them in their tracks. That property sat vacant until recently. Isn’t a precedent set by this? The NYS Rte 250 and NYS Rte 441 intersection is a bad enough now, she is concerned by adding alcohol that there will be fatalities.

LaFountain explained that Matthew’s East End Grill was looking at moving into the Kam Wah building and was approved. Grand Vie then took Matthew’s East End Grill and the Town to court, and the project was allowed to continue. The developer decided, because of the economy, and the amount of legal fees spent not to proceed with the project.
LaFountain continued to say this property was rezoned in 2006 and with Doodlebugs the intent was to be more commercial. We now intend to use this as transitional zoning from Residential to Commercial. When residential property abuts commercial property, there are setbacks that must be met. LaFountain stated that there are a number of restaurants in the community that are allowed to stay open until 2:00 AM. Historically they have chosen to close at 11:00 PM or 12:00 AM because business does not warrant the later hour.

Suzanne Wilson, 38 Canterbury Trail said she never knew about the planning meeting regarding Jeremiah’s. She questioned the 500 foot radius for postcard notification. She said her property is close enough that she will see and hear Jeremiah’s. She read about the proposal in the Penfield Post and then notified her neighbors. There are vacant properties in the Braunston neighborhood and this development will not help sell those homes. She said the BN-R Zoning allows activity between 7:00 AM and 9:00 PM. She feels Jeremiah’s hours of operation should be limited. She is concerned about noise, she hears the kids of Doodlebugs and they are closed evenings and weekends. If this does get approved she would like to make sure Jeremiah’s is a good neighbor. Can a pergola be added to minimize noise on the patio?

LaFountain spoke regarding notification: the Town advertises in the local paper and puts the notice on our website. We mail postcards to anyone who owns property within a 500 foot radius of the proposed development. Not all towns mail postcards. We may look into expanding notification to 700 or 900 feet and we need to do this consistently in all areas. This is not required, but we try to have as much communication to the residents as possible.

Councilwoman Metzler said she agrees we need to have a conversation about notification. Some people fell off the notification list and we need to be consistent. She agrees it is a good idea to review the outdoor patio design to minimize noise. It is not too late to make these types of suggestions. Input from residents is always welcome.

Gene Fegadel, 36 Canterbury Trail, said she would like to reiterate that noise is a concern. She objects to any amplified exterior music.

LaFountain reviewed that the proposed Resolution states that there will be no amplified outdoor music.

Larry Nagle, 46 Canterbury Trail, stated that Jeremiah’s is a bar, not a restaurant. Their specials include wing and drink specials. No other establishments in Town offer these types of specials. There are no similar establishments in the Town. Don’s Original is more of a community restaurant that sponsors local sports teams. He asks that the Board review the nature of this business and the hours of operation.

LaFountain said similar establishments do exist in the Town, there are several in the Empire Boulevard and Bay Road area.

Mr. Nagle continued to discuss drainage. He said there is a retention pond and he is concerned about increased volume causing standing water and mosquitoes. There is also a possibility that someone could drown in the pond. The retention pond needs to be reviewed and any associated costs should be born by the developer. He asked what the Letter of Credit amount will be?

LaFountain stated we are not at that point yet. The Letter of Credit amount needs to be approved by the Town Engineer and PRC. These are the next steps if the Resolution is approved tonight.

Mr. Nagle asked about landscaping to protect the residents from light and sound. Our homes are down hill from the site and sound will travel. How will the sound be measured and enforced if it becomes a problem? This cannot be a police matter; do we call the Town Board or Town Attorney?
Monica Gorlick asked what is the perimeter of the sound? She doesn’t feel Empire Boulevard is a fair comparison to this suggested development.

LaFountain said the perimeter would be the property line. If the sound became a problem the Town could revoke any Special Permit that was issued. You can call the Sheriff if there is a problem with noise and the Town would be copied on the report. Regarding notification of Public Hearings, you can register with our Town Clerk’s office and they will put you on an email list and send out any Public Hearing notice.

Dennis Gorlick, 54 South Village Trail asked what is the definition of the perimeter; what are the boundaries?

LaFountain said it is the same as the property lines of your home. It would include the building, the lot and green space area, and the parking lot.

LaFountain stated that an e-mail had been received from Karin Wilson, 52 Braunston Drive, stating that she could not attend this evening. She had spoken with Jim Costello, Director of Developmental Services and hopes the Board will take into consideration the resident’s concerns. She wants to make sure that Jeremiah’s is a good neighbor. She is glad to be rid of the eyesore parcel.

5. The applicants shall be permitted to install picnic tables only on the proposed deck, subject to the occupancy requirements of the New York State Building Code and at the direction of the Penfield Fire Marshal.

7. The use is consistent with the goals of the Four Corners Plan.

16. THIS RESOLUTION OF APPROVAL WITH CONDITIONS SHALL BE PRINTED IN ITS ENTIRETY ON THE FINAL SITE PLAN.

The Board bases its decision to GRANT a CONDITIONAL USE PERMIT and PRELIMINARY and FINAL SITE PLAN APPROVAL for this proposal on the following findings:
1. The applicant proposes to construct a 6,500 +/- square foot one-story freestanding structure, to be utilized as a sit-down restaurant with accessory outdoor dining area known as Jeremiah’s. The Board has entered into an Incentive Zoning agreement with the property owners to allow flexibility on the site to accommodate both retail and non-retail development subject to the applicant providing funding incentives which will be utilized to provide public works improvements in the immediate neighborhood. The applicant will also provide funding for reimbursement to the Town for the development of the Land Use and Access Management Plan (LUAMP) and the Environmental Impact Statements that were prepared to address development impacts in the LUAMP area, thereby mitigating the need for the applicant to do so as a function of the application.

2. The proposed structure is designed in such a manner that it is architecturally compatible with the surrounding commercial and residential architecture.

3. The Business Non-Retail district permits hours of operation between 7:00 AM and 9:00 PM. The applicant, as part of the Incentive Zoning proposal, has requested that his business be permitted to open at 11:00 AM and close at 2:00 AM. The Board has granted this request as the proposed hours of operation are consistent with all other similar businesses fronting on Fairport Nine Mile Point Road and Penfield Road in this area.

4. The applicant has requested the ability to have acoustical entertainment in the outdoor dining area and the Board has approved his request. Acoustical entertainment shall be permitted until 10:00 PM on a nightly basis as no seating in the outdoor dining area shall be permitted after 10:00 PM. In no case shall entertainment be permitted beyond the approved hours. The applicant may have music within the restaurant. In no case shall sound levels associated with music or entertainment of any type be audible from beyond the applicant’s property line.

5. The Board has reviewed this application as it relates to Article X of the Penfield Town Code, Conditional Use Permits. The Board finds that the standards contained within Article X have been met to allow the issuance of a Conditional Use Permit.

6. The applicant has provided an acceptable storm water treatment proposal, which has been constructed on-site and will be maintained by all the property owners that benefit from it.

7. The project will be serviced by public water and connection to a sanitary sewer.

8. The applicant proposes to install exterior lighting that will be adequately shielded so as to minimize impacts to adjacent residential neighbors. The applicant will be required to ensure that said exterior lighting does not adversely impact said neighbors at any time.

Discussion: Councilwoman Metzler thanked Councilman Moore for his amendment to this Resolution; the outside dining will end at 10:00 PM.

Councilman Quinn stated he understands how difficult it is for residents to attend meetings with their schedules. Every member of this Board listens to residents. Many of the amendments to this Resolution are based on e-mails and communications with residents in the past few days. He thanked the residents for their concerns and comments this evening. He is confident that Jeremiah’s will be a good neighbor.

Councilman Moore referenced Suzanne Wilson’s comments and Karin Wilson’s email and confirmed that Jeremiah’s will be a good neighbor. They will be sponsoring youth sports teams. This is a good addition to Penfield.

Monica Gorlick, 54 South Village Trail, asked that the name be changed from Jeremiah’s Restaurant to Jeremiah’s Tavern or also known as Jeremiah’s Tavern.

Nicholas Atkinson, 1255 Five Mile Line Road, Boy Scout from Troop 260 asked about meeting notification. If post cards are mailed to residents within 500 feet of the application, how would he have found out about it?

Supervisor LaFountain said the Legal Notice is published in the Penfield Post and on our website.

Councilwoman Metzler added that The Town of Penfield is also on Facebook and Twitter and meeting information is posted on both sites.

LaFountain added that a Homeowners Association or individual can register with the Town Clerk for all Public Hearing notifications in the Town.

Ed Lindskoog, 18 High School Dr., stated that in the Four Corners a contractor is replacing traffic signals. There are two (2) holes and forms were used to pour pole bases, the contractor did not remove the forms and the sidewalk plow was unable to clean the sidewalks. Also there were cars at the gas station that had parked on the sidewalk and prevented the plow from cleaning those sidewalks. Could the Town please advise the contractor to move these items, so the sidewalk plow can do its job?

Mr. Lindskoog also added that we have had problems with litter in the Four Corners. There are two (2) trash barrels near Schaufelberger Park and two (2) trash barrels near Mark’s Pizzeria. With the addition of Yotini, we may need additional trash receptacles. Also there are two (2) trash barrels near 7-Eleven, but none in front of Pontillo’s.

Supervisor LaFountain asked that Jim Costello follow up with Pontillo’s.

Suzanne Wilson, 38 Canterbury Trail, thanked the Board for listening to the resident’s concerns and making the amendments to the Resolution this evening.
Adjournment

Supervisor LaFountain adjourned the meeting at 9:20 PM
