IX. Adjournment
I. Call to Order
   a. Attendance:
      i. Bob Mohr, Tony LaFountain, Mike O'Connor, Mike Simon, Ed Freeman, Mark Valentine
   b. Guests:
      i. Resident: Harold Mellars

II. Approval of Minutes: February 6, 2016

III. Committee Discussion
   a. Project updates
      i. Atlantic Ave Ditch Cleaning - The town has not received all the responses from the neighbors. RG&E has no issue with the town going on their property to clean the ditch. RG&E would like to be contacted when the work begins. One of the adjacent neighbors reviewed his property and determined that no work was necessary.
      ii. Willow Pond – Mark Valentine had a meeting with the DEC. Before any additional work is performed, Perinton should clean the downstream channel. Perinton has expressing concerns of more flow than what they have had in the past. A meeting is being set up between the DEC and Perinton. Penfield is ensuring they are in compliance to meet all regulations.
      iii. Allens Creek Erosion – The town will work with Barton & Loguidice on site specific recommendations for land improvement. In the summer of 2016, a portion of land washed out behind the residential properties located on Burrow Hill Drive. The town is exploring different options of access to the creek. The committee would like to walk the property. Permits are required for improvements.

IV. Public Participation

V. Communications
   a. Town of Penfield
   b. Monroe County Storm water Coalition
      i. MS4 Compliance - The Storm water coalition is working on responses to the proposed DEC permit for 2017.
   c. New York State / EPA

VI. Old Business
   a. Pond Treatments Tour – Mark Valentine would like the committee members to tour the previously treated ponds. Valentine would like to continue with MuckAway treatments on the ponds. The town will be purchasing a GPS unit, this will allow for the sediment depth to be determined.
   b. Stream Cleaning 2017 List – A map of streams that have been cleaned since 2003 was displayed to the committee. The town has received a request for Newbury Park and would like to see the following locations cleaned; Northrup along Route 250, a section along Harris Road and Atlantic Ave to lower for northward flow, Sweet Corners is overgrown, the channel that runs from Timber Glen across the back of Heathwood needs to be cleaned and the stream behind Doodle Bugs.
VII. New Business

   a. Panorama Valley Erosion – The pipe behind the gun club is in need of being repaired, piping is exposed and the culvert needs to be reconstructed and cleaned. Photos were displayed to the committee.
   b. New Committee Member – The town would like to welcome Harold Mellars to the committee officially effective on April 30, 2017.

VIII. Next Meeting: April 3, 2017

IX. Adjournment: 7:35pm
